

## INFORMATION TO PARENTS

Dear parent/carers

Firstly, I would like to thank you for your responsible attitude in self isolating with your families and doing your bit to combat the Coronavirus.

We know as professionals and parents ourselves how challenging this is for all parent/cares in the UK and the rest of the world, BUT we have to do it. Whilst we haven't got your children here at school, we are all here to help and will continue to update you on new events and things that might help you engage your children in learning, having fun, exercising etc. Staff are working hard from home whilst managing their families to provide you with as many resources they can.

Over the coming weeks we will all have our low points and we have allocated a Keyworker to ring you at least twice a week. You can share any concerns you have and we will do our best to answer your questions, find out information and offer advice and support. We are all committed to our boys and their families and have your wellbeing at the heart of our thinking at the very difficult time.

So that we don't miss any calls or e-mails please can you use two points of contact from now on as the school phone will not be in operation.

PLEASE USE **07341 732670** or E-mail **admin@langhamoaks.co.uk**

We will pick up any questions, request and concerns and will respond to you as soon as we can.

Please stay safe and stay at home.

Best wishes

Simon Dawson

Headteacher

Langham Oaks School
